For SLM/LLC

Ted:

here is the Bayberry Agreement I sent you the note and talked to you about. IN his absence Ralph asked that I track down the most recent draft from the Bayberry folks and ask you to initiate a review with Carolann and Mike. My understanding is that the agreement was drafted by the attorneys for Blenheim Homes and that aside from Ralph now one else in the Department has looked at it. Also, please note that we were asked to treat the agreement as confidential. I guess this means that we should, at this point, limit its distribution to the handful of folks that have to review it and let them know to be careful with it.

Thanks.

Joe
